

BPI Review Form 070520

Book Name:	<u>Theory and Applications of Engineering Research</u>
Manuscript Number:	Ms_BP_7314C
Title of the Manuscript:	Review: Recent advancement in application of Corona Charge Deposition Technique in Thin Film Industry
Type of the Article	Book chapter

PART 1: Review Comments

	Reviewer's comment	Author's comment (If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	-Yes, the subject of the manuscript is so important and interesting. In fact, in the thin film industry, the corona charge deposition process has become the most popular deposition method to check for defects at the Si/SiO ₂ surface since it is non-invasive and non-destructive.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	-Yes, the title is clear and concise and it describes the contents of the manuscript.	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	-Yes, the abstract of the manuscript is comprehensive. It's written in a way that is understandable and motivates the reader to read the whole manuscript.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	-Yes, I do think that the level of English throughout the manuscript is suitable for scholarly communications.	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	-The manuscript is well-written and well-structured, it provides the four general sections: Introduction, the body of the paper, and conclusion.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	-I do. The author cites recent research works on the topic of the manuscript.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
