Book Name:	Theory and Applications of Engineering Research
Manuscript Number:	Ms_BP_3299G
Title of the Manuscript:	Study on Analysis of Square Patch Antenna at 2.4GHz
Type of the Article	Book chapter

PART 1: Review Comments

	Reviewer's comment	Author's comment (If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	I think that this research may help to the scientific community.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	The title may be "Analysis of a Square Patch Antenna at 2.4GHz Operating Frequency"	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	The abstract must contain a summary of aims of this research, methods, results and its impact on the applied areas.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	The quality of English should be checked by any professional software to correct its existing errors.	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	The abstract section must be revised. Findings of various experiments must be explained in detail including simulation methodology. Simulation methods and procedures must be explained very well with figures. The authors must explain why they choose high frequency simulator structure software(HFSS) and how they set various simulation parameters and tools. The author must look in to the book writing style and follow those, especially, citation style, reference list, tabs in the paragraph, font style, etc. in different parts of the manuscript.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	More recent references must be listed.
