

[Review Form2](#)

Book Name:	The foundations of coordination chemistry
Manuscript Number:	Ms_BPR_2523
Title of the Manuscript:	The foundations of coordination chemistry
Type of the Article	Complete Book

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Very important for undergraduate students and even for graduate students	
Is the title of the article suitable? (If not please suggest an alternative title)	Suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Very suitable and complete	
Are subsections and structure of the manuscript appropriate?	Appropriately	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The author is really specialized in the subject of the book, as I found that he mentioned all the scientific and technical points in his book, in terms of explaining all the coordination chemistry, writing and drawing the shapes. I am very impressed with that.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Few references	

Review Form2

Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	The language is very correct and can be understood smoothly.	
Optional/General comments	Are the shapes in the book drawn by the author or from a reference? If they are from a reference, the source must be written. A distinguished and easy book that can be a reference for higher-level students.	

PART 2:
