

Editor's Comment:

The mentioned manuscript is an original research article. All the components of the research report are not present but it gives an insight into the honey market at the level of the Indian economy and its growth in the last 12 years, therefore, it exhibits the usefulness of the report. The title has sufficient meaning. The abstract is informative. The keywords are missing. The introduction is explained. The method is elaborative. The results and discussion are analytical. The conclusion is brief. The references are sufficient.

Therefore, I accept the manuscript entitled "INDIAN HONEY EXPORT'S IN CONTEXT TO STANDARDS OF THE INTERNATIONAL MARKET" for publication.
