Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	YES	
Is the title of the article suitable? Do you have any alternative Title in your mind?	YES	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	YES	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	YES	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	Although it followed all the research article procedure perfectly, I would like to mentioned that in ABSTRACT the researcher did not mention participants or did not describe participants (gender, number, age) of the study. There were no discussion section to discuss the current findings with previous one. Also, the research did not provide "recommendation for further study" section.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	YES
