Book Name:	Medicine and Medical Research: New Perspectives
Manuscript Number:	Ms_BPR_2842
Title of the Manuscript:	MORPHOMETRY OF THE ORBITAL REGION: "BEAUTY IS BOUGHT BY JUDGMENT OF THE EYES"
Type of the Article	Book chapter

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none"> The scientific importance of the manuscript- Morphometry of the Orbital Region: Beauty is Bought by Judgment of the Eyes - lies in the quantitative description of human orbital morphology in relation to sex and ethnic variations. It gives great insight into normal orbital growth and development in adults in North India with correct quantification of orbital features. This is very essential in preoperative planning and also predicting postoperative outcomes for surgeries and aesthetic procedures. This contributes to improving surgical accuracy and tailored patient care. 	
Is the title of the article suitable? (If not please suggest an alternative title)	YES	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	My suggestion regarding this article comprehensive is ok. Don't need to add other points here.
