Book Name:	<a href="#">Pharmaceutical Research: Recent Advances and Trends</a>
Manuscript Number:	Ms_BPR_2921
Title of the Manuscript:	<b>Ethosomes: A Comprehensive Review of Their Role in Enhanced Transdermal Drug Delivery</b>
Type of the Article	<b>Book chapter</b>

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>	Yes the content the author has added is good, it highlights various aspects of the formulation. It just needs quite editing in terms of material writing. The author needs to work on the Abstract part and on the spelling and grammar check of the article. The subsections the author has added is good which is making the article to get corrected and readable in future.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	Yes	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	Abstract of the article needs a change. Being a reader the abstract does not depict a clear idea of the article. The language of the article also needs to be focussed. Additionally the author needs to provide some more keywords to make the article and the content soundful.	
<b>Are subsections and structure of the manuscript appropriate?</b>	Yes	
<b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b>	The subheadings that has been added are worth reading. The article would be useful for those who are interested in finding scope in the area of ethosomes and Transdermal drug delivery system. As the advancement of novel drug delivery system is increasing, this article would be helpful.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	Yes	
<b>Minor</b> REVISION comments	No.	
<b>Is the language/English quality of the article suitable for scholarly communications?</b>		
<b>Optional/General</b> comments
