Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	Yes, I believe that this research has a great scientific importance, especially for the construction of stilling basins in the downstream of dams, it's just needs some organization, I've already mentioned in the document some corrections of the form of it. Some figures appear before others in terms of numbring, please see my comments in the manuscript. For the content it's good.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	Yes	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	Yes, the abstract was werry clear and consistent. Instead, I would suggest to improve more the keywords.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	Yes, the English quality is good.	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	All the parts of manuscript are appropriate, a little organization is needed.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	Yes, but I suggest to re-organize them with an alphabetic order, with the right form, I suggest the Harvard style.
