Please provide your comments regarding the appropriateness of different sections of the manuscript.	<p>Appropriateness of different sections of the manuscript is sufficient Following text highlighted in red colour should be corrected with name of the author. Cyanobacteria as food supplement:</p> <p>According to Burj <i>etal.</i>,2001, Devillers <i>etal.</i>, 2007and Jaspers Glowton.,1998). Spirullina, Arthrobacteria and Nostoc community is rich in fiber and proteins therefore, is also being known as rich food supplement. They are being used as food supplements in India, America, China and most other countries like Mexico, Chile and Philippines. According to ref 9 spirullina has protein, carbohydrate, and fats in its cell wall which are easily diffusible therefore its condensed form is more nutritive then vegetable food source due to this reason it is also known as Functional food.</p>	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	The references in the manuscript are proper, recentand sufficient. There is a need to add some recent references.
