Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	Yes, It seems to me to be a very well-conducted and complete work, its limitations are clearly determined. On the other hand, this type of study is essential, seeking to establish anatomical reference values that are undoubtedly of great value in surgical planning, in addition to helping in the diagnostic approach. of pathologies in the craniovertebral junction	
Is the title of the article suitable? Do you have any alternative Title in your mind?	Yes	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	Yes	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	Yes	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	It seems very important to me that the authors clearly point out that a limitation of their study is the size of the sample and the lack of comparison of linear and angular values in different territories of India, which could establish geographical differences.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	Yes
