

BPI Review Form 070520

Book Name:	<u>Recent Updates in Disease and Health Research</u>
Manuscript Number:	Ms_BP_6847E
Title of the Manuscript:	Type 2 Diabetes Genetics: Beyond GWAS
Type of the Article	Book chapter

PART 1: Review Comments

	Reviewer's comment	Author's comment (If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	This manuscript provides the systematic review of the evaluation of T2D genetics. It will be helpful to tackle the evaluation process of the research area.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	The title of the manuscript seems more precise if it can be renamed as "Advancements in Type 2 Diabetes Genetics : Moving Beyond Genome-Wide Associated Studies"	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	Yes, the abstract is comprehensive.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	The language used in the article is good and understandable	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	The different sections of the manuscript provide the advancement of research in each context. The review are provided as according to the topic chronologically.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	There is a research gap in the Literature survey as well as manuscript. The review article must capture the advancement as well as the evaluation of the technology in the research field. But the manuscript only provides the article till 2011. Nearly 12 years are seems to be missing. The research gap should be captured and evaluation should be precisely mentioned.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
