

**BPI Review Form 070520**

Book Name:	<b>Calibrating Urban Livability in the Global South</b>
Manuscript Number:	<b>Ms_BP_2811G.40</b>
Title of the Manuscript:	<b>Gender Analysis of Commuters Travel Behavior and its Impact on Environmental Emissions</b>
Type of the Article	<b>Book Chapter</b>

**BPI Review Form 070520**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	Yes. The scientific community is interested in the link between gender and commuter travel behavior and its impact on environmental emissions. Understanding how gender affects commuting behavior and the environmental repercussions has important implications for transportation planning, environmental policy, and public health programs.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	Fine	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	The abstract lacks quantitative results. Please include quantitative results to ensure clarity for readers.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	Check grammatical errors throughout the article. Make necessary grammatical corrections and address any typo errors.	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	<p><b>Introduction</b> - Fine</p> <p><b>Literature Review</b> - Include more review</p> <p><b>Methodology</b> - Fine</p> <p><b>Qualitative Analysis</b></p> <p>a) Is there a statistically significant difference in commuting mode choice between genders?</p> <p>b) Are there significant variations in the environmental emissions associated with commuting behaviors between genders?</p> <p>c) The text in all Figures is blurry and difficult to read. Also, improve the image quality so that the text appears more clearly.</p> <p>d) Provide a more thorough explanation and interpretation of Figures 2 &amp; 3.</p> <p>e) Is the carbon emission formula correct? Check once and kindly include the total vehicle or traffic volume in the formula.</p> <p>Also, kindly mention the distance traveled Km, and Total No. of the vehicle in Table 1</p> <p><b>Result</b></p> <p>f) Are there significant differences in CO<sub>2</sub> emissions relative to income between genders</p> <p><b>Write down the conclusion which summarizes the results and include a section on future scope</b></p>
