Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	Yes, the manuscript is relevant for the scientific community as it identifies weaknesses and strengths related to the commercialisation of the rawscshew nuts in India. The results of the analysis could help scientific community design research projects addressing the issues raised in the manuscript to contribute cashew sector development and ndia economic development In a sustainable way.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	Yes, the tile of the manuscript corresponds to its content	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	5 lakh what is this. Please use the conventional units in the manuscript. 447.80 crores. Please use international units which is US Dollar. The abstract is clear and capture the key results of the manuscript. Also, the conclusion of the manuscript is relevant.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	Yes, the englisch used in the manuscript is correct and easily understable.	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	As a book chapter, I think that the structure of the manuscript is correct. But please authors should insert the word introduction. The authors should also inrouduce a conclusion section to summarise the key results obtained and to present the implications of the results obtained. In the manuscript when authors talk about oocal prices under import and expert scenarios, to be clear they should precise local price places. If bot it is sometime confusing. I understand that under import scenario, the local price is the price at the place where the cashew nuts are paid. Please be clear in the manuscript.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	Yes the references cited in the manuscript are recent and relevant for the manuscript
