| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimumof 3-4 sentences may be required for this part.                        | The problem statement is a global phenomenon. It should be addressed properly in order to draw the attention of respective governments.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                             |
| Is the title of the article suitable?<br>(If not please suggest an alternative title)                                                                                                                                                | Given title is too long and actualy way of study is not refected content of the paper. So, it better to change the title as follows:<br><br>"The Displacement Practice and Welfare of Settlers in Population Resettlements: special reference to the case of Bakassi Resettlement Programme in Cross River State, Nigeria"                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                             |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.                                                                          | The abstract should be restricted considering following sugestions<br>1. Abstract should be write in the way of IMRD (introduction, Methodology, Results and Discussion).<br>2. The methodology part (way of approach, data collection, data analysis, data interpretation method) is lacking.<br>3. The research problem sentence's confident level was insufficient.<br>4. The recommendations put forwed by researcher were not covered the whole problem. all of the recommendation are related to the economic problem other pysiological and humans right problems were not focused.<br>5. The future inmplications of the research findings and knowledge contribution to the existing literature were lacking. |                                                                                                                                                             |
| Are subsections and structure of the manuscript appropriate?                                                                                                                                                                         | The paper is structured in well manner expect Abstract section. Abstract section need to be revised by accommodating suggestions furnished.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                             |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimumof 3-4 sentences may be required for this part. | 1. The problem statement is a global phenomenon. It should be addressed properly in order to draw the attention of respective governments.<br>2. Methodology academically was sound.<br>3. There were notable correlation among the title , problem, findings and Conclusion.                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                             |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.<br>:                                                                                             | Most of the references used in the paper were outdated. The auther should give propority for latest liturarue. Moreover, that some of the statistical data were used for determining population and sampling also out dated and before 10 yaers data. Data obtained within two years is most stable.                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                             |
