

Review Form2

Book Name:	An Overview of Literature, Language and Education Research
Manuscript Number:	Ms_BPR_2527
Title of the Manuscript:	The Relationship between Cooperative Learning andSkilled Learning with the Satisfaction of Students StudyingForeign Languages (Russian, English, and Arabic)
Type of the Article	BOOK CHAPTER

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimumof 3-4 sentences may be required for this part.	• In my opinion this research makes several contributions to the scientific field: • Contribution to improving educational quality: The research provides empirical evidence on how cooperative learning and skills-based learning influence student satisfaction. This is crucial for the design of more effective educational programs, since student satisfaction is closely related to their academic performance and well-being. • Relevance to foreign language teaching: By focusing on learners of Russian, English and Arabic, the research contributes valuable knowledge to foreign language teaching, a field that requires effective pedagogical methods. The results can guide educators in implementing strategies that improve learning and knowledge retention in these languages. • Applicability of cooperative and skills-based learning: The positive improvement between these learning approaches and student satisfaction suggests that these methodologies can be successfully applied in various areas of knowledge. This not only improves the student experience but also optimizes the overall teaching-learning process.	
Is the title of the article suitable? (If not please suggest an alternative title)	These contributions are consistent with the title because the study examines how cooperative and skills-based learning positively influence the satisfaction of foreign language students. The results provide relevant empirical evidence to improve educational quality, especially in language teaching, and have implications for the formulation of effective pedagogical policies.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, it is comprehensive. Because, the impact on educational policy development: Research findings can influence the formulation of educational policies that promote student-centered pedagogical practices. By demonstrating the effectiveness of specific teaching methods, the study provides a solid foundation for adopting approaches that maximize student satisfaction and success in diverse contexts.	
Are subsections and structure of the manuscript appropriate?	The structure presents a logical and structured coherence	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimumof 3-4 sentences may be required for this part.	• The document is correct because it provides an introduction to the state of the art. • Describes an appropriate methodology for the research. • Present some results and discuss them	

Review Form2

Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :	I recommend reviewing the following bibliography that is more recent to include some concept . - Felder, R. M., & Brent, R. (2007). Cooperative learning. <i>Active learning: Models from the analytical sciences</i>, 970, 34-53. - Li, M. P., & Lam, B. H. (2013). Cooperative learning. <i>The Hong Kong Institute of Education</i>, 1, 33. - Triansyah, F. A., Suwatno, S., & Machmud, A. (2023). Trends and Research Focus of the Jigsaw Learning Model in Economic Learning: Bibliometric Review and Analysis. <i>Jurnal Penelitian Pendidikan</i>, 23(1), 1-15.	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	 Yes, the language quality is adequate	
Optional/General comments		

PART 2:

	Reviewer’s comment	Author’s comment(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
