A minimumof 3-4 sentences may be required for this part.	Yes the manuscript is scientifically sound good. The trajectory of the oscillating dumbbell was found to be inversely proportional to the frequency of the external field, and the results demonstrated that the oscillating dumbbell moves in a circular path with a speed that decreases inversely with the length of the spring.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	sufficient
