

Review Form2

Book Name:	Mathematics and Computer Science: Contemporary Developments
Manuscript Number:	Ms_BPR_2466
Title of the Manuscript:	Implementation of Low Cost IoT Based Intruder Detection System by Face Recognition using Machine Learning
Type of the Article	Book chapter

PART 1: Review Comments

Compulsory REVISION comments	Reviewer’s comment	Author’s Feedback(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimumof 3-4 sentences may be required for this part.	-The paper tackles the important issue of home security and intrusion detection.	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	yes	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimumof 3-4 sentences may be required for this part.	It was a pleasure to review your research, this is an interesting and valuable topic. It has the potential to be published in the future, after minor revisions, including: -The paper tackles the important issue of home security and intrusion detection. - The paper could provide more details about the specific hardware components, software implementation, and machine learning algorithms used. -Please tidy and polish all of the tables and figures with care. A paper needs to have consistent figures and tables throughout. Please ensure that every figure has a good resolution of 300 dpi. -References to previous studies on A Real-Time Intrusion Detection System, such as those found https://doi.org/10.58496/BJIoT/2024/008 , should be added to the work. This would bolster the claim and allow readers more resources to go deeper into. -English needs to be improved by correcting tense and grammatical errors. -Potential future directions for this research should be discussed by the author in order to increase the impact of the paper.	

Review Form2

Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.		
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
