

Review Form2

Book Name:	Contemporary Research and Perspectives in Biological Science
Manuscript Number:	Ms_BPR_2600
Title of the Manuscript:	Zooplankton diversity and their monthly variation in ChakkiTalab, Bodhan, Telangana
Type of the Article	Book Chapter

PART 1: Review Comments

Compulsory REVISION comments	Reviewer’s comment	Author’s Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimumof 3-4 sentences may be required for this part.		
Is the title of the article suitable? (If not please suggest an alternative title)		
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.		
Are subsections and structure of the manuscript appropriate?		
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimumof 3-4 sentences may be required for this part.		
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :		

Review Form2

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments	Abstract Give some numerical results such as abundance and composition of groups and species of zooplankton Introduction (Supritam pal et al.2015) replace with (Supritam pal et al., 2015) (Duggan et. al., 2001; Pawłowski et.al.2016) replace with (Duggan et al., 2001; Pawłowski et al., 2016) (Solanki et.al.2016) replace with (Solanki et al., 2016). Bio-monitoring zooplankton communities replace with Bio-monitoring of zooplankton communities (Wei Xiong et.al. 2020) replace with (Wei Xiong et al., 2020). Materials and methods Chakkitalab replace with ChakkiTalab The Sampling replace with The sampling standard methods (give areference) Give mesh size of the plankton net represented per litre of water replace with represented individuals per litre of water Include map of the study area with sampling sites Give number of sampling sites and sampling period and sampling frequency Results and discussion (Graph 1) replace with (Figure 1) Explain results of zooplankton abundance Figure 1 Remove the fig caption at the top of the figure Figure 2. Remove the fig caption at the top of the figure There is not discussion and need to discuss with previous studies similar to this. Suggest to do statistical analysis Conclusion of Zooplankton of Chakkitalab replace with of zooplankton of ChakkiTalab.	

PART 2:

	Reviewer’s comment	Author’s comment(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
