

BPI Review Form 070520

Book Name:	Innovations in Biological Science
Manuscript Number:	Ms_BPR_1746
Title of the Manuscript:	Effect of Dietary Enzyme (Maxigrain®) Supplementation on Carcass and Organ Characteristics of Broiler Finisher Chickens Fed Cassava Peel Meal Based Diet
Type of the Article	Book chapter

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)</i>
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	Yes, In addition to expanding the selection of items, such as cereals and other agro-industrial byproducts, that can be used to create more balanced meals for broilers, enzymes also improve the use of those ingredients by making fibrous materials easier to digest and supplementing with enzymes enhanced organ and carcass properties of broiler finishers fed a diet based on cassava peel meal without experiencing any negative effects	
Is the title of the article suitable? Do you have any alternative Title in your mind?	Yes	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	A substantial amount of fresh data is needed.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	Yes, following a few grammatical corrections.	
Please provide your comments regarding the appropriateness of different sections of the manuscript.
