

Review Form2

Book Name:	Scientific Research, New Technologies and Applications
Manuscript Number:	Ms_BPR_2773
Title of the Manuscript:	Video Augmentation to Facilitate Skill Learning in Karate
Type of the Article	Book chapter

PART 1: Review Comments

Compulsory REVISION comments	Reviewer’s comment	Author’s Feedback(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The chapter is relevant to the scientific community, particularly in the fields of sports science and education. I appreciate how this manuscript bridges traditional physical training methods with modern technological tools, providing both theoretical insights and practical applications. This integration of video augmentation can potentially revolutionize the way skill-based learning is conducted in not only karate but other disciplines as well.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	In my opinion the abstract is too concise, it should be more comprehensive.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The experimental study contributes novel insights into how video augmentation enhances karate training, potentially offering long-term benefits for learning and retention. Its technical framework ensures the replicability and practical applicability of the findings. Overall, it addresses a gap in educational technology and sports training research.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	

Review Form2

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	The manuscript needs to be professionally edited before acceptance.	
Optional/General comments		

PART 2:

	Reviewer’s comment	Author’s comment(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
