

BPI Review Form 070520

Book Name:	Science and Technology - Recent Updates and Future Prospects
Manuscript Number:	Ms_BPR_1700
Title of the Manuscript:	LIFE CYCLE ASSESSMENT OF FISH CARBON FOOTPRINTS
Type of the Article	Book chapter

BPI Review Form 070520

PART 1: Review Comments

	Reviewer's comment	Author's comment(If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	Yes, of course, there are many reasons why a manuscript is important. Manuscripts are valuable sources of information for researchers because they shed light on the Life Cycle Assessment (LCA) method as a tool to assess the environmental impacts generated during the life cycle of fish and their carbon footprints. Therefore, this study can open the door to paying more attention to sustainable and efficient transportation practices and policies aimed at mitigating the effects of CO₂ on climate change.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	Yes, the article title is suitable.	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	Yes,the abstract of the article is comprehensive.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	Yes,the English quality of the article is suitable for scholarly communications.	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	The different sections of the manuscript are appropriate, and I suggest the following: 1- Introduction section : I encourage the authors to expand the introduction section in order to be more informative.Mthodology Section: Update the map of study area in Kenya with new map. 2- CO₂ liberated as a function of Petrol section: Update the price depending on prices of fuel these days.: Price of petrol = Ksh. 106.6/L in Bondo (Nov 16th to December 16th, 2020) Price of diesel = Ksh. 91.7 /L in Bondo (Nov 16th to December 16th, 2020) 3- depending on price these days.In order to give more power to this study,I encourage the authors to include data from years after 2020.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	No, the references in the manuscript are not recent, and sufficient, so I suggest that: -The authors should include more recent publications related to the chapter subject.For example the following reference: Tippett, A.W. (2023). Life Cycle Assessment of Fishing and Aquaculture Rope Recycling. In: Grimstad, S.M.F., Ottosen, L.M., James, N.A. (eds) Marine Plastics: Innovative Solutions to Tackling Waste. Springer, Cham. https://doi.org/10.1007/978-3-031-31058-4_7.
