

Review Form2

Book Name:	Research Advances in Environment, Geography and Earth Science
Manuscript Number:	Ms_BPR_1910
Title of the Manuscript:	EMBANKMENT AND CHANGING MICRO-TOPOGRAPHY OF LOWER AJOY BASIN IN EASTERN INDIA
Type of the Article	Book chapter

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	Yes, the manuscript is important for the scientific community. In this study, the author(s) have dealt with the impact of river embankment on the physical environment of the river. The morphology of the river, as well as the microtopography of the floodplain, changes dramatically as a result of the limitation of river flow caused by embankment building. In this paper, the author(s) have tried to find out the efficacy of embankment as a flood control measure and the extent of changes in the micro-topography caused by Ajoy embankment.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound?Minimum 3-4 sentences may be required for this part.	(i) Contribution to existing knowledge : <u>Medium</u> , (ii) Organization and readability : <u>Good</u> , (iii) Soundness of methodology : <u>Sufficiently good</u> , (iv) Evidence supports conclusion : <u>Good</u> , (v) Adequacy of literature review : <u>Medium</u> .	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	Yes, the references in the manuscript are recent but not sufficient. The author should insert more references. Therefore the author(s) is(are)– advised to do the needful in this regard.	

Review Form2

Minor REVISION comments		
Is language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	NIL	

PART 2:

	Reviewer’s comment	Author’s comment(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
