

Review Form2

Book Name:	Innovations in Biological Science
Manuscript Number:	Ms_BPR_1947
Title of the Manuscript:	In vivo and in vitro oxidative stress studies of membrane alterations (fluidity and permeability) in mammalian red blood cells
Type of the Article	Book chapter

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	Yes, this manuscript is important for scientific community.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	No, Problem need to be written first in abstract	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound?Minimum 3-4 sentences may be required for this part.	According to paper results, red wine polyphenols act on CM indicator of anion permeability as effective reducing agents. Red wine polyphenol extracts effeciently relieve the effects of oxidative stress.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	Yes,only few references are very old.	

Review Form2

Minor REVISION comments		
Is language/English quality of the article suitable for scholarly communications?	Check only Spotting and fixing grammatical mistakes in the manuscript	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
