Manuscript Number:	Ms_BPR_2048
Title of the Manuscript:	Implementing Music Education in Elementary Schools: A Case Study in RN Macedonia
Type of the Article	Book Chapter

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimumof 3-4 sentences may be required for this part.	This manuscript is important for the scientific community because it discusses the implementation of music education in grade teaching and its impact on students' development.It addresses the relevance of music education in European curricula and the opinions of teachers on the subject.It also emphasizes the role of music in overall development and well-being, as supported by research from various studies.Personally, I believe that music education is crucial for fostering creativity, social skills, intelligence, and well-being in students, and this research adds valuable insights to the existing literature on the topic.	
Is the title of the article suitable? (If not please suggest an alternative title)	Based on the provided information, I believe the title of the article effectively represents the content and findings discussed in the manuscript.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Based on the context provided, it can be determined that the article's abstract accurately summarizes the key points and findings discussed in the manuscript. However, The following two sentences in the abstract are suggested for grammatical correction. 1. ...perspectives associated with of implementing... 2. ...represented by two classes a week weekly classes, dedicated...	
Are subsections and structure of the manuscript appropriate?	Yes, the subsections and structure of the manuscript seem to be organized effectively by introducing the thesis, explaining the study group, detailing the data collection process, and presenting preliminary findings.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimumof 3-4 sentences may be required for this part.	The use of a semi-structured interview form, a combination of open and closed questions in the questionnaire, and the application of a descriptive-explanatory methodology with content analysis suggest a rigorous approach to data collection and analysis.Additionally, the references to previous studies and the inclusion of free interviews with respondents add credibility to the research findings.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references in the manuscript include a range of studies from 2003 to 2020, making them both recent and comprehensive.However, additional sources could potentially strengthen the research further.
