	Reviewer's comment	Author's comment (If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	The topic is not novel but underinterested in clinical practice.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	yes	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	yes	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	yes	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	The topic is underinterested in urology/andrology practice. Trials are mostly focused on varicocele leading to infertility. However, this article does not support novel findings with a less number of cases (n=30). Therefore, I do not think this manuscript worth for publishing.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	yes
