Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	The manuscript tries to address the issue of food insecurity in Lesotho. The number of households brought under the assessment (300) is significant enough to provide meaningful data. However, the study was done over a span of only 3 months. Longer duration/continuos follow-up over different seasons may provide a more clear picture as a lot of seasonal crops are involved in regular dietary habits of local residents. The manuscript also needs to be polished as lot of grammatical errors and joined words are present throught the manuscript. Reference number 41 not quoted in the manuscript .
