Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	The country has to tackle a historical problem of inequality concerning mental health and unsatisfactory distribution of financial support. This review explores the history and evolution of disability, with implications for the prevalence of mental health issues among people with BVI. As referred to in the text, there is only one study relating specifically to individuals with BVI, that assessed the content validity of the ICF. The proposal is intended to fill this deficiency in the spirit of WHO.
