

**BPI Review Form 070520**

Book Name:	<a href="#">Research Advances in Environment, Geography and Earth Science</a>
Manuscript Number:	Ms_BPR_1474
Title of the Manuscript:	Fodder Diversity, Availability and Utilization Pattern in Western Himalayas
Type of the Article	Book chapter

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	Yes, the importance of trees almost always goes unnoticed and in this case is of great importance, especially that it is about human support in remote areas	
Is the title of the article suitable? Do you have any alternative Title in your mind?	Emphasis should be placed on tree forage. It could be written as follows:  Diversity, availability and pattern of use of tree stratum forage in the western Himalayas	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	Yes	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	English quality is appropriate for academic communication; however, the document should be reviewed to eliminate any typos (Attached file pointing out some suggestions).	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	The Materials and Methods section could be improved by providing details on the subjects to which the interview was applied, such as: sample size (number of people interviewed), age, gender, size of their herd, etc.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	Yes	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
