

BPI Review Form 070520

Book Name:	Science and Technology - Recent Updates and Future Prospects
Manuscript Number:	Ms_BPR_1479
Title of the Manuscript:	Remanufacturing Process Modelling in Reverse Supply Chain
Type of the Article	Book chapter

PART 1: Review Comments

	Reviewer's comment	Author's comment (If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	The manuscript has a significant contribution to the scientific community. However, there is need for the author to point out on the specific contributions the study is making to the knowledge and literature immediately after conclusions.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	The title of the article is suitable - Economic and Environmental Benefits of Remanufacturing in Reverse Supply Chains- This topic could explore how remanufacturing can drive both cost saving and environmental sustainability, comparing it with traditional manufacturing and disposal practise	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	The Abstract is comprehensive. However, the author could have provided some conclusions and recommendations on the abstract.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	The language is of good quality and adequately communicating
