

Review Form2

Book Name:	Disease and Health Research - New Insights
Manuscript Number:	Ms_BPR_1879
Title of the Manuscript:	Influence of Sleep on Academic Performance among Nursing students-Najran University; KSA
Type of the Article	Book chapter

PART 1: Review Comments

Compulsory REVISION comments	Reviewer’s comment	Author’s Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	As a nurse, I believe that the performance of nurses is influenced by many factors, sleep being one of them. Lack of sleep can reduce the nurse's accuracy and justify her performance in relation to the patient.And on the contrary, being fresh and having energy makes it possible to provide better attention and the possibility of mistakes is reduced.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes.	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Yes. I suggest to choose better keywords based on the mesh. and be written alphabetically.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound?Minimum 3-4 sentences may be required for this part.	I think it is appropriate. However, he could develop the material in different parts or refer to the results of more studies.Or, in the methodology section, explain the tool more and indicate its grading and interpretation.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	According to the text, the references are adequate in number, but some are very old. Authors can use new references because the topic is not new.	

Review Form2
